ROBUSTA COFFEE

NORTH KAYONG, WEST KALIMANTAN

Nipah Kuning Village, located in North Kayong Regency, covers **5,276.3 hectares**. The community primarily utilizes the land for agriculture, with farmland and plantations occupying 25% of the total area. The village is known for cultivating robusta coffee, characterized by its small beans.

Interestingly, the village's territory includes a significant peatland area, spanning **3,965.8 hectares**, which accounts for **75.1%** of the village's land. To preserve this valuable ecosystem, Nipah Kuning Village focuses on producing **robusta small bean coffee**. They market their product under the name "**Kopi Tarik Layar**," emphasizing their commitment to sustainable agriculture and environmental conservation.
